

# TESTING CHRISTIANITY

## “THE CHRISTIAN ANSWERS”

These are the answers that most Christians will answer this test with. There are different combination of answers but they all allude to the same thing. Use this as a reference point for anyone who takes the test without hearing the biblical answers first and you will see the common theme in Christianity

- 1. Who did our Father, YAHUAH (you may call “the LORD”), the Most High make the New Covenant with?**

Christians will say many different things. It all is about trying to say that the New Covenant was made with Christians though most will not use those words. Regardless of what they will say, you will notice that Christians will not answer the question biblically accurate

- 2. What scripture gives the covenant for Christians?**

Christians will say many things. They will even use Jeremiah 31 that does not even mention Christians. They will use other scriptures that don’t even speak about a covenant with Christians. They will use Replacement Theology applying Galatians 3:28-29. They will say many things but avoid the most simplest, but truthful answer

- 3. What does our Father plan to do in the last days before the Messiah comes back and becomes King?**

Most Christians will speak about judgement. They only see judgment from the book of Revelation. They don’t talk about the promises we should be waiting for, but they only see judgment.

- 4. What are you waiting for our Father to do with Christians during these last days?**

Most Christians will speak either about the rapture or a revival. They believe that they are still waiting for Jacob’s trouble to happen

- 5. Are we trying to go to heaven or stay on earth?**

Most Christians believe they are trying to go to heaven or they are waiting for the New Heaven and New Earth ignoring the Millennial Reign.
